

## HOMWORK 5

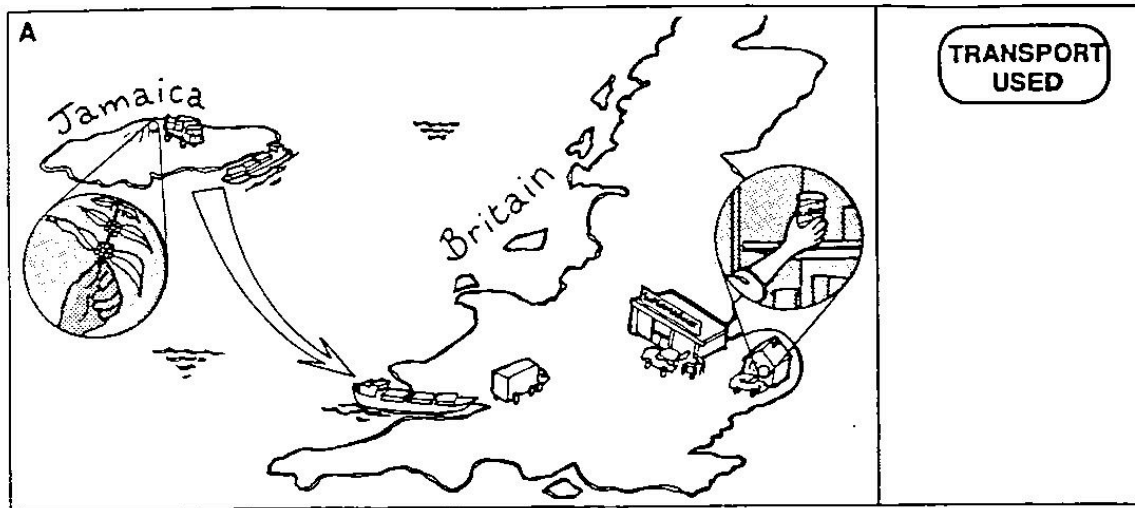

# World Wide

Different forms of transport are used to move goods around. We call these goods **cargo or freight**.

Cargo that goes by sea is often heavy and takes a long time.  
Cargo that goes by air is lighter and quicker but costs more to transport.

Look at picture A and an atlas.

- 1 Blue Mountain Coffee is grown in Jamaica. Track the journey of the coffee from the Blue Mountains to a breakfast table in Britain. List the kinds of transport used.

- 2 Look at the picture B and an atlas. A letter is sent to a friend in Bangladesh. Track its journey and list the kinds of transport used.
