

SUMMARY OF CREDIT PAPERS 2000-2010

MAPS

2010	Use OS map - why is this location excellent for farming
2010	Decide which area is best for a new housing estate
2010	Why is this a good route for long distance path
2009	Power Line will damage or benefit the countryside
2009	Why a route is good for cycling
2009	Why area suited for forestry
2008	Why conflict occurs between various land uses
2008	Differences between urban area A and B
2008	Why is this a good/bad site for a farm
2008	Why is this a good site for a factory
2007	Block Diagram
2007	How physical landscape affects land use
2006	Why build wind farm here
2006	Reasons for land use in area X
2006	Good site for outdoor centre
2005	Why has square X got low population density
2004	Physical landscape affects land use
2003	Land use related to relief
2002	Good site for wind farm
2002	Good site for airport
2002	Physical factors affect land use
2001	Ad/disad of HEP scheme
2001	Why is this area good for forestry
2000	Tourist dev in Cairngorms will benefit area
2000	Ad/disad of site for nature reserve

NATURAL REGIONS

2010	Causes of desertification
2008	How cutting the rainforest will affect whole world
2008	Cutting the rainforest affects the whole world
2007	Desertification
2005	Why is rainforest being destroyed
2003	Desertification
2000	Development of the rainforest is a benefit

SETTLEMENT

2010	Select a city zone and explain the way the land is used
2010	Advantages and disadvantages of developing an area as a golf resort
2010	Using an OS map - what is the main function of Dunfermline
2009	Why land use different CBD and suburbs
2009	Function two towns
2008	Explain differences in housing in two urban areas
2008	Describe differences between two urban areas
2008	Different housing in Inner City and suburbs
2007	Advantages of moving house to different city zone
2007	How and why the CBD has changed
2007	Eden Project - advantages and disadvantages of new tourist project
2006	Explain feature of inner city or suburbs
2005	Two areas of Glasgow explain differences
2005	Function of town
2005	How do you know CBD is in square
2004	Which square has CBD
2004	Differences between two inner city and suburbs
2003	Why new canal benefits area
2003	Shrewsbury - how river has affected its growth
2003	Explain settlement pattern using map
2002	Transect match to map
2000	Describe differences two urban area
2000	Which square has CBD

LANDSCAPE

2010	Differences at outside and inside of a meander
2009	Matching glacial features to OS map and explain formation of one feature
2009	How V shaped river valley is formed
2008	Describe physical features of river valley from OS map
2008	Glacial deposition features
2008	Describe river valley in different sections
2008	Glacial Deposition
2007	Hanging valley formation
2006	Match glacial feature to OS map - explain one feature
2005	National Park conflicts
2005	Formation U shape valley
2005	River Features
2004	Explain formation glacial features
2004	Mans use of glacial area
2003	National Parks - Cairngorms a good or bad area for a park OS
2003	Match glacial features to OS map - then explain one feature

2002	Explain corrie formation
2001	Land Uses National park - who is happy/unhappy
2001	Tourist Development in Highlands - is it a good place
2001	Identify glacial features on OS - explain one
2000	Describe features on River Tees

FARMING

2010	Explain the changes in farmers' income/land use 1980 to 2010
2009	Changes in Farming last 50 years - benefits and problems
2008	Why location is good/bad for farm
2007	Sheep Farm - problems physical and human
2006	Modern changes are a benefit
2005	Changes 1950 to today
2005	Why is this a good location for a farm
2004	Data given in table about two farms - give reasons for differences
2004	What type of farm is this (OS map)
2003	Link land use to different factors
2002	Changes 1970 to today

INDUSTRY

2010	Why is this grid square a good site for a factory
2009	Factors important for locating Science Park
2008	Benefits and problems new industrial development might bring to an area
2008	Why is this grid square a good site for a factory
2008	Benefits/problems an industry might bring to an area
2007	Industry location
2005	Closure of steelworks consequences
2005	Why is industry located in square X
2004	Choose factory site
2003	Why they selected a certain site
2002	Different industrial areas - explain their locations on OS map
2001	Location of Hi Tech industry
2000	Advantages/disadvantages to Eire of economic growth
2000	Advantage of a site on OS map for factory

POPULATION

2010	Explain how population growth of India will cause problems
2010	Given various maps explain the distribution of population in Kenya
2009	Why urban population grows faster rural
2009	Population Distribution of Europe
2008	Demographic Transition Graph
2008	Describe demographic graph
2007	Explain distribution of population
2006	Factors which influence population distribution
2006	Population growth in a rich city/poor city
2005	Demographic Transition
2004	Describe pattern of migration in Europe

2003	Why still do census
2002	Two pyramids
2002	Explain population distribution on NZ
2001	Two pyramids
2001	Problems structure brings to rich country
2001	Describe distribution
2001	Describe pattern of world BR/DR
2001	How to reduce BR

WEATHER

2010	Difference between summer and winter anticyclone
2009	Passage of depression
2008	Weather conditions in anticyclone
2008	Weather in an anticyclone
2007	Passage of Depression
2006	Passage of Depression
2005	Match synoptic chart with weather symbols
2004	Passage of depression
2003	Anticyclone
2002	Passage of depression
2001	Passage of depression
2000	Passage of depression

ENQUIRY SKILLS

2010	Given picture of exports from developing countries - what other processing technique could be used
2010	How to gather information about a country park
2009	How to gather information about two National Trust areas
2009	Techniques to present data
2008	How to gather information about CBD
2008	Techniques used to present data
2008	Gathering information about CBD
2007	Gather information about urban land use
2006	Gather information on urban zones
2004	Gather information on catchment area
2001	Gather information on urban transect

TRADE & AID

2010	Is aid given by charities suitable for developing countries
2010	Given information about exports from some less developed countries - what problems does this pattern of trade cause
2009	Comparing Charity Aid to Bilateral Aid
2008	Japans Trading patterns
2008	Differences between Japan's imports/exports
2007	Gambia Tourism good or bad
2007	Select Indicator - why is it good
2006	Advantage of 3 dam project
2005	Poor country at risk with price fluctuations
2004	Short term aid v long term aid
2002	Trade benefits rich countries more than poor
2001	Pattern in Kenya's trade
2000	'Fair Trade' helps coffee growers
2000	Explain how debt can cause problems for a country

INTERNATIONAL RELATIONS

2004	EU membership - advantages of joining
2000	Indicators of country's power
